

Broadreach appoints new Senior Business Development Manager

30 November 2009

Broadreach is pleased to announce the appointment of Jerry Grapsas as a Senior Business Development Manager based in Melbourne. Jerry will be focusing on video and digital media managed services with our partners and driving growth into new areas of business, among other responsibilities. Jerry commenced in the role on 22 October 2009.

Jerry has over 15 years experience in account management, including roles with Commander Australia, Macquarie Telecom and Telstra. With a strong sales background, Jerry has extensive experience in data, voice, mobile, telephony, IT, peripherals and managed services. Jerry's excellent sales record will be a welcome asset to Broadreach.

The Broadreach team is delighted to welcome Jerry.

About Broadreach Services

Broadreach is an Australian based provider of expert solutions in visual communications and collaboration, with a vision to transform the way organisations communicate. Broadreach focuses on the delivery of high-quality, dynamic video and digital media communications.
